

# ECONOMIX

AQU900

*Enhancer of Protein Digestibility in Aquafeed*

## PROPERTIES

Protein is currently the major budget item in manufacturing aquafeed. Fish meal prices have considerably increased over the past years. In this context, how can you decrease the share of fish meal in aquafeed without taking risks? How can your feed contain a level of protein close to the ideal protein one while saving on your feed costs?

By using **ECONOMIX** !
